P= potenziamento in subordine a supplenza

The image shows a large grid intended for a timetable. It consists of 5 vertical columns and approximately 40 horizontal rows. The grid is mostly empty, with only a few faint lines visible. The columns are separated by thicker vertical lines, and the rows are separated by thinner horizontal lines.

The image shows a large grid intended for an hourly schedule. The grid is divided into four vertical columns by thick vertical lines. Each column is approximately 25 units wide. The grid consists of 20 rows and 100 columns in total. The grid is currently empty.

The image shows a large grid intended for an hourly schedule. The grid is divided into four vertical columns by thick vertical lines. Each column is approximately 25 units wide. The grid consists of 20 rows and 100 columns in total. The grid is currently empty.

The image shows a large grid table with 18 columns and 18 rows. The grid is divided into four equal-width sections by vertical lines. Each section contains a 4x18 sub-grid. The top row of the grid is empty. The rest of the grid is also empty, serving as a template for an hourly schedule.
